

Nick E. Opencar

Candidate for Mayor

Dear Friends of Campbell:

My name is Nick E. Opencar, a lifetime resident of what I consider to be one of the finest communities in the area. That is why I established my family and my career in Campbell. As well as participating at church, in the community and in city government. We are a good strong people composed of many nationalities that have always carried pride comparable to none.

After graduating from Campbell Memorial High School, in 1957 I began my career at the Dollar Saving and Trust Company, as a bank teller. With hard work and dedication I climbed the ladder and when I retired in 1994 I was Assistant Vice President in the commercial loan department. During the 37 years of my career, I married had a family, and participated in the community.

In 1959, I married Carmel Zockle Opencar and we have five children: Karen Illencik, Nicholas Opencar II, Jeffrey Opencar, Brian Opencar and Angela Dilisio, three of which reside in Campbell. In addition to five children, we also have thirteen grandchildren. Carmel and I were brought up in a church atmosphere and we gave our children the same opportunity.

Thus, church oriented, my family and I serve as ministers, lectors and as an alter server for Saint Lucy Church. I also serve as bookkeeper for Saint Lucy and Saint Rosa de Lima Churches. I also participate in various groups established in Campbell for its citizens and the betterment of the area.

I have been involved in the community through: my military service from 1960 to 1966 and I was promoted through the ranks from a private first class to a batter clerk then finally as a supply sergeant, in the Ohio National Guard, founding the Campbell Little Red Devils midget football teams, a member on the Board of Directors for the Youngstown Society of the Blind, board member of Easter Mental Health Center, President of the Campbell Business Association, Treasurer of the Campbell Memorial Alumni Association, Treasurer of the Campbell Grid Iron Club, and a member of the establishment of CASTLO.

My involvement in the community has not been limited to the above groups. The citizens of Campbell have elected me as City Treasurer, Council Vice-President and Council President for a total of 14 years of political service.

In closing, some have asked "Why would you want to be Mayor during all that is going on in our city?" Why? Because we need a positive movement to bring the good that is Campbell to center stage. Understanding the financial world, my ability to

communicate with people and my 14 years of political service has given me the leadership skills needed to be the Mayor of Campbell.

At this time we need a person who is dedicated to Campbell. A person who is proud to be part of the community. A person who knows that the good people in our community deserve better. It is my intention to draw on the dedication and determination the people of our city to put Campbell on track.

My promise to you is to use all of the experience and resources available to look for different roads to traverse so that Campbell can change in this world of change. To enlist the ideas and input, of the professional and knowledgeable citizens of Campbell to use, in order to move in a new direction.

Respectfully Submitted,
